Our Wedding Albums

Each album is designed with years of professional experience. Take a moment to review the sample albums in the studio. Our albums and folios are custom designed, leather bound with archival materials for lasting beauty and protecting the portraits they contain. Any of these albums can be added to any wedding package.

Like our wedding packages, our wedding albums are designed for flexibility to give you exactly what you want and need. We have several sizes and styles for you to choose from. Our selection includes three sizes in either a digital matte flush mount album or a traditional matted album. Some prefer a box of matted prints, or a simple book of a few portraits. These options are less expensive and are bound with natural looking vinyl.

We look forward to working with you to create the album of lasting memories that represents your style. If you order one of our albums with your wedding package, or within 4 weeks of your wedding please take 10% off of the price. If you order companion albums that are exactly like the primary album only smaller within that same time period, take 25% off those albums.

Deluxe and Ultimate packages include 10" Standard size Flush Mount albums - medium is 24 page - large 30 page.
